

HOW TO ENTER IN THE WORLD OF COMMODITIES MARKET?

Step-by-step Guidelines:

- 1) **Open online trading account:** Right Vision Securities (Pvt.) Limited provides easy and swift access to Pakistan Mercantile Exchange (PMEX). Online Account opening facility has been provided by Right Vision Securities (Pvt.) Limited for both types of accounts; Normal Account (Individual/Joint/Corporate) and Sahulat Account. The investors are required to Open RVSPL's website and click on "Open Account" (Online Account Submission Portal) for commodity trading. The investors would be required to upload the requisite documents and submit Account Opening Application Form without any hassle of furnishing physical documents or physical appearance in due course of account opening process.
- 2) **Deposit Funds:** After opening of an account and receipt of User Id / Password for PMEX Back Office and creation of Sub-Collection Account (SCA) by PMEX, the accountholders may place Fund in their respective trading account maintained with PMEX. Funds may be transferred through multiple channels vis-à-vis ATM, MCB MF-71, Demand Draft, Pay Order, Bank Cheque, Online.
- 3) **Training Session:** After completion of Online Account Registration through the Company's website account registration portal and placement of funds, the accountholders shall be provided training by the officials of PMEX and the dedicated officials of Right Vision Securities shall also be 24/7 available to assist in respect of placing of Buy or Sell Order at the Electronic Trading System in the Future Market and to demonstrate the functionality of PMEX's Back Office.
- 4) **Know how about Market dynamics:** It is essential for every investor to be familiarized with the types of commodities and products available for future contracts trading, market trends, sentiments of market and trading strategies etc. A dedicated team of Right Vision Securities (Pvt.) Limited is also available round the clock to provide the necessary assistance and share the latest news about market dynamics and market sentiments.
- 5) **Trading Sessions:** PMEX is open for 22.5 hours 24/7 days.
- 6) **Comprehend Risks:** There is no investment in the world which does not carry risk. It is indispensable for every investor to understand and read carefully risks involved in the trading of futures contracts. Being a leverage market, the trading in commodity futures contracts involves substantial risk of loss and may not be suitable for all investors. Such risks include price volatility and market fluctuation. It is further reiterated that Futures Contracts are complex financial instruments carrying high risk of losing money rapidly due to leverage. The officials of Right Vision Securities shall give right knowledge and provide assistance to the accountholders to use risk management tools such as stop-loss orders to mitigate potential losses usually faced by the general investors.
