PMEX Crude Oil (1 barrel) Futures Contract Specifications

Trading hours	Exchange's General Trading Days and Hours unless otherwise specified by the Exchange and announced through notification.
Contract Size	1 barrel
Trading System	PMEX ETS.
Price Quotation	US dollars per barrel, up to two decimal places.
Tick size	\$ 0.01 (1 cent) per barrel or as specified by the Exchange.
Tick Value	\$ 0.01 or as specified by the Exchange.
Contract Months	Contract months would be made available depending on the needs of the market and will be notified in advance by the Exchange.
Last Trading Day (Contract Expiry Day)	Contracts will expire on the close of 4th business day prior to the 25th calendar day of the month preceding the delivery month or on a day specified by the Exchange as last trading day.
Holiday Convention	In case Last Trading Day falls on an Exchange holiday, previous business day will be designated as Last Trading Day.
Settlement Mode	Cash Settlement in Pakistani Rupees.
Daily Settlement Price	Exchange will determine daily settlement price by using one of the following methods: • By taking average of best bid and offer prices at the time of closing. • The last publically available traded price of the corresponding month CME (NYMEX) Crude Oil Futures Contract • the last traded price; or as per any other methodology specified through notification by the Exchange.
Final Settlement Price	Final settlement price will be the daily settlement price on the Last Trading Day of the contract or as specified by the Exchange through a notification.
Daily Settlement Amount	Daily Settlement of PMEX Crude Oil (1 barrel) Futures Contract will result in a cash settlement amount in Rupees. The daily cash settlement amount shall be the day's mark-to-market profit or loss amount in Rupees based on the Daily Settlement Price of the PMEX Crude Oil (1 barrel) Futures Contract converted at the USDPKR Exchange rate as determined and notified by the Exchange.
Final Settlement Amount	Final Settlement of PMEX Crude Oil (1 barrel) Futures Contract will result in the delivery of a cash settlement amount in Rupees on the Final Settlement Date. The cash settlement amount on the Final Settlement Date shall be the Last Trading Day's mark-to-market profit or loss amount in Rupees based on the Final Settlement Price of the PMEX Crude Oil (1 barrel) Futures Contract converted at USDPKR Exchange rate as determined and notified by the Exchange.
Position Limit	2,000,000 contracts per Broker (including proprietary and all its

	Customers) 100,000 contracts per Customers of Broker or as specified by the exchange time to time.
Margin Requirement	The amount of margin payable by Brokers/Customers in respect of their outstanding contracts shall be determined by the Exchange. Exchange will amend margin requirement whenever necessary or required due to changes in market conditions and risk management principles. All Margins will be collected in Pakistani Rupees.
Initial Margin	Initial Margin will be based on VaR methodology at 99% confidence interval over a 1- day Time Horizon, rounded up to the nearest 0.25% or as specified by the Exchange.
Special Margin	Exchange reserves the right to impose special margins for short duration of time during periods of increased or excessive volatility. Special margins will be computed by increasing the look-ahead period, reducing sample size, or by changing any other parameters used in the VaR methodology.
Further Regulations	This contract shall be subject, where applicable, to the Futures Market Act, 2016 and PMEX Rule Book of the Pakistan Mercantile Exchange Limited.
